

Dear parents and guardians,

Firstly, we hope that you are all well. As you can imagine, we are disappointed to find ourselves out of school and away from our grades so soon into the new school year. The students have made such a positive start to term 1 and it has been most pleasing to see thriving learning communities develop across the department.

We are hopeful that the short lockdown remains exactly that and that we will be back in class on Thursday morning. In the interim, we are providing some resources that your child/ children can access over the next two days. You will notice a grid attached to this post that contains a range of activities that cover the core subjects as well as student wellbeing. There is an element of student choice to these activities and it is imagined that the students will choose one activity from each subject area, each day, over the next two days.

We are mindful that reverting back to the remote learning model of 2020 might be slightly overwhelming at short notice. Many grades have not had the opportunity to properly access Google Classroom as we have only just returned to school.

However, should the lockdown be extended to Thursday and Friday, we will be looking to meet with students on WebEx and resume the regular curriculum in a remote format. This means that all learning and correspondence will be delivered through Google Classroom. If you have any concerns about your child accessing Google Classroom on Thursday, do not hesitate to contact your child's teacher.

We look forward to meeting with you all over the next two days to discuss your children during the meet the teacher interviews.

All the best,

The 3/4 team

Dan, Monica, Jane, Bre, Ashleigh, Carolyn, Libby and Amber
