

## **GRADE 1/2**

# **ACTIVITY GRID**

Dear parents and carers of our Grade 1 and 2 students,

As we are currently in the middle of our five day statewide lockdown we have provided some activities for our students to complete at home over the next few days.

Below you will find a grid that contains activities from across the curriculum: reading, writing and numeracy. There are also some activities that promote well-being and mindfulness.

These activities are not designed to be completed in any specific order. Nor is there an expectation that all of the activities need to be completed. Together, you and your child can select activities of interest to complete. However, it would be great if you selected a variety of activities from across the grid.

At this stage there is also no expectation for students to photograph and upload their work.

We trust that you will have some fun over the next couple of days completing these activities and we have our fingers crossed that we will see all our students back at school on Thursday. We will provide further information and work if an extended lockdown is announced.

Linda, Lisa, Joanna, Brooke, Eliza, Caitlin, Jess, Trang, Lauren and Heather
